INSTALLATION

How to install our Extensions?

You can use the Extension Manager to install: Menu / Tools / Extension Manager / Other - Manual install.

Or you can manually copy all files from the rar (zip..7z) file to WB... usually in this location: Documents\WYSIWYG Web Builder\system\extensions.

How to work with our templates?

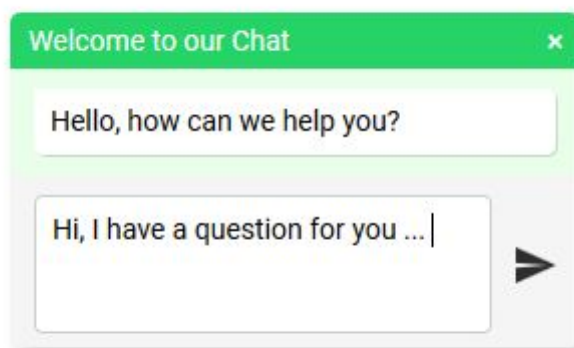

Just open the "Project" folder and voila!

The file you have acquired is there, ready to work with it ..

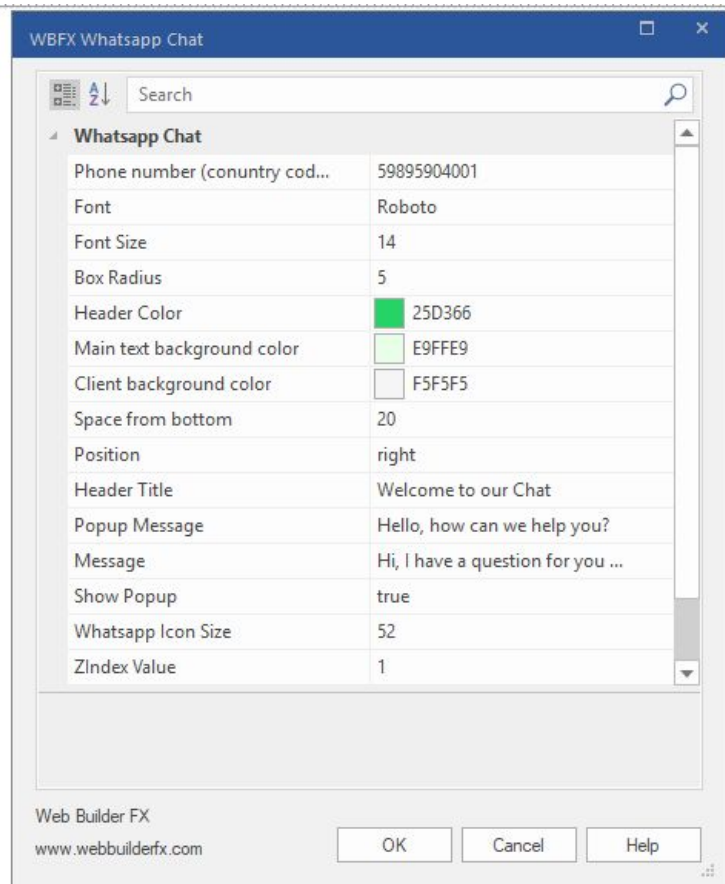

* WBFX WHATSAPP CHAT * EXTENSION FOR WB 15+ *

Release V1.0.0_20190118

This is a very nice floating WhatsApp button for WWB

Simply drag and drop the application into the WWB project, enter your own phone ... and voila!

IMPORTANT NOTE:

If the WhatsApp icon is positioned behind the elements of your WYSIWYG Web Builder site, you must change the value of ZINDEX from the extension settings.

You could try entering 1000 and see how it responds on your site. :)

Requirements: WYSIWYG Web Builder 15+ or higher
